

ADOBE CERTIFIED ASSOCIATE IN PRINT & DIGITAL MEDIA USING ADOBE PHOTOSHOP

Changing the world is possible, but it requires the right preparation and skills. One of the best ways to be prepared is with Adobe Certified Associate (ACA) certification.

ACA certification is an industry-recognized credential that can be used to effectively validate one's skills in Adobe digital-media software. It represents the creative skills in demand today by industry and academia and reflects well when presented on a resumes or college application.

ACA EXAMS

Adobe Photoshop is the world's most advanced image editing application. It is used worldwide by photographers and designers who want to perfect their digital images.

Having ACA certification is a great validation of one's Adobe creative skills, and ACA Photoshop certification is available for Creative Cloud (CC), Creative Suite 6 (CS6) and CS5 versions of Adobe software.

CC-based ACA certifications are current for three years after the date of issue.

QUESTIONS AND ANSWERS

When do I get my proper certificate from Adobe?

You will be able to download your certificate from the Certiport website after the exam - usually takes a bit time for it to be generated.

When do I get my results?

You will get the scores straight away after the exam on screen.

When do I get access to the accredited logo?

You should receive an email with instructions from crepitan.com and you will be able easily download the logo and certificate.

Adobe conducted research to identify the foundational skills students need to effectively communicate using digital media tools. Based on feedback from educators, design professionals, businesses, and educational institutions around the world, the objectives cover entry-level skill expectations for visual communication.

The following skills will be assessed on the Visual Communication Using Adobe Photoshop exam:

VISUAL COMMUNICATION USING ADOBE PHOTOSHOP OBJECTIVES
